

DAKOTA

Dakota Model 65 Tree Transplanter™ - Digs a True 65" Hole

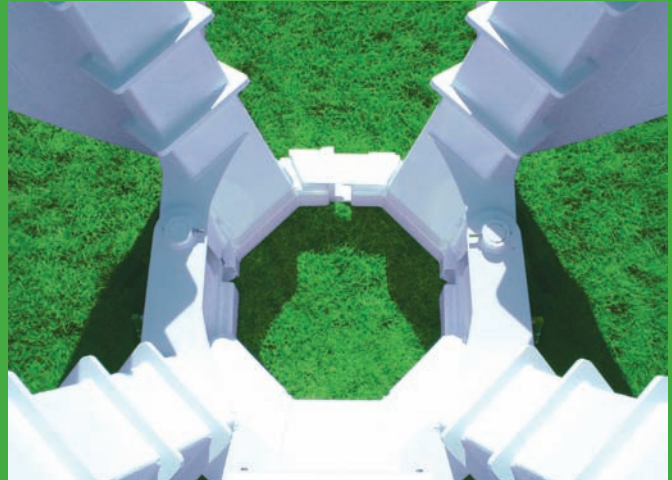

- Wireless Remote
- More Hydraulic Pressure
- Stronger Lift Track
- Better Hose Routing
- Replaceable Cutting Edges
- No-Lube Lift Track Slides
- Powder Coat Paint
- Safety Valves on Select Cylinders

A lot of good tree spades are on the market today, but the **DAKOTA** Model 65 Tree Transplanter makes them all obsolete. The 65 is faster, built stronger and requires less maintenance than the rest.

Outside Gate Cylinders

Clean Design
