

DAKOTA™ 2006 DUMP BOX ILLUSTRATED PARTS MANUAL

INTRODUCTION

To ensure optimum performance and safety, always purchase genuine **DAKOTA** replacement parts and accessories. NEVER USE “WILL-FIT” REPLACEMENT PARTS AND ACCESSORIES MADE BY OTHER MANUFACTURERS. Using either inappropriate or unapproved replacement parts and accessories may result in progressive damage to the product and voids the warranty.

This manual provides a listing to the parts and assemblies that are available as replacement parts. For the most part, common hardware is not listed in this manual. Be sure, however, that when replacement of hardware is necessary, to replace with the same length, diameter, and grade.

The illustrations used in this Parts manual are for reference to replacement parts only. This manual is not to be used for assembly. If in need of replacement parts or in need of a replacement part not called out in this manual, contact an authorized Dakota dealer. To locate a local dealer, go to www.dakotapeat.com.
